Dear Ms. Kavon Ward

Your work is timely, and literally groundbreaking. My own home in Solana Beach's 1911 deed mandates that it cannot be rented, leased, or sold to an entire list of oppressed populations. Your efforts for racial inclusion are a great step, and a healthy reminder of our shameful history.

The book enclosed may urge more support for your good works. At the Samuel Lawrence Foundation, we are working with a food desert in Uniontown, Alabama. There is so much work to be done, and we largely focus our energies on the threat of a 6th extinction through climate change.

Continue your magnificent work, Ms. Ward, and please contact us should you need help with any forthcoming projects.

Kind regards,

Bart Ziegler, PhD
